

UNT E-MV UN 99

TRANSMISSION

Description

Fully Synthetic Transmission Oil formulated with selected high viscosity index synthetic base stocks to meet multi-vehicle needs. As an universal automatic transmission fluid, it meets the lubrication requirements of equipment and power shifting tools alike. It incorporates selected friction modifiers to provide the adequate friction characteristics for a wide variety of automatic transmissions. With enhanced thermal stability and corrosion prevention, this product ensures hassle-free, smooth-running transmissions all year round.

This product is suitable for use for various North American, European and Asian OEM passenger car and commercial vehicles' transmissions, including Lifeguard specifications for ZF transmission and Allison C-4 specifications for power shifting usage. It also exceeds the requirements of OEMs such as Kia, Hyundai, and Mitsubishi that require SP-III type fluid.

It is not recommended for CVT, DCT, or Ford Type F applications.

Properties

- τ Provides excellent oxidation and thermal stability
- τ Outstanding anti-wear, friction performance and smooth gear shifting
- τ Enhanced fluidity at very low temperature and severe high temperature service
- τ Excellent viscosity stability

Technical Characteristics

Test Description	Method	Unit	
Density @ 15 °C	ASTM D 4052	kg/L	0.854
Flash Point	ASTM D 92	°C	198
Pour Point	ASTM D 97	°C	-45
Kinematic Viscosity @ 40°C	ASTM D 445	cSt	32.16
Kinematic Viscosity @ 100°C	ASTM D 445	cSt	7.063
Viscosity Index	ASTM D 2270	-	191
Appearance	Visual	-	Red/Amber
