

## UNT E-CVT TRONIC III

CVTF - HIGH VIS

### Description

---

**Fully synthetic Continuously Variable Transmission Fluid (CVTF) formulated with advanced synthetic base oils and high-performance additive technology. It is specifically designed to meet the requirements of modern CVT systems, delivering smooth power transmission, enhanced fuel efficiency, and reliable protection under a wide range of operating conditions.**

It provides stable friction characteristics for smooth and seamless gear ratio changes, ensuring driving comfort. The product helps to prevent sludge and deposit formation, keeping the transmission system clean for efficient operation.

### Properties

---

- τ Excellent thermal and oxidation stability
- τ Superior wear protection
- τ Strong shear stability
- τ Superior wear protection

### Technical Characteristics

---

Test Description	Method	Unit	
Density @ 15 °C	ASTM D 4052	kg/L	0.849
Flash Point	ASTM D 92	°C	178
Pour Point	ASTM D 97	°C	-45
Kinematic Viscosity @ 40°C	ASTM D 445	cSt	26
Kinematic Viscosity @ 100°C	ASTM D 445	cSt	7.0
Viscosity Index	ASTM D 2270	-	170
Appearance	-	-	Red
